## ABOUT US

Upholding the mission *Make America Greener*, Green Hotel Cards Inc (GHC) focuses on total green and innovative RFID key cards with deforestation-free wood, with all raw materials coming from commercially- planted forests and make sure no further pollution to the environment.

Our founder has been rooting in hotel RFID key card industry for more than 15 years. Shocked by plastic pollution to the environment, he decided to promote sustainability in the hospitality industry, starting from eco- friendly key cards, and that's why GHC was established.

Over the past years, GHC environmentally friendly RFID key cards have been highly praised by many valued customers such as Marriott, Hilton, Accor, Hyatt, IHG and so on. More and more hotels are joining in our plastic reducing initiative. Please join together with GHC and make your hotels greener for the America.

# OUR FACTORY

Direct Offering from  
Self- Owned Factory

Advanced  
Equipment

Efficient  
Management

Continuous R&D

Best Quality

Fast Delivery

**WHAT WE  
HAVE  
ACHIEVED**

Over the past years,  
GHC has successfully helped over

**1,000+ hotels**

improve sustainability.

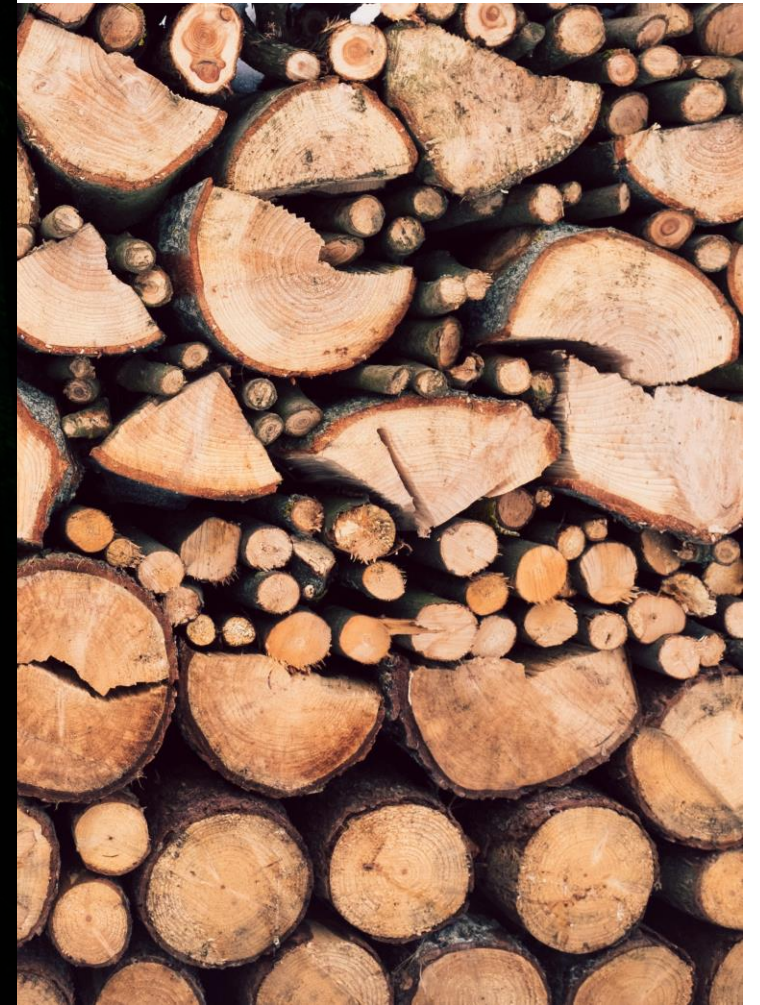

By shifting to GHC eco- friendly key  
cards these hotels have reduced

**300,000+ KGs** of single-used  
plastic and thus have saved about

**1,612,900+ KGs**

of carbon emission.

More and more hotels are joining in this  
course of Greener America.

# ADD YOUR SUSTAINABILITY PRACTICES

More and more hotels are looking for global or local green certification

# ADD YOUR SUSTAINABILITY PRACTICES

Awareness for sustainability has become a key factor for customers' choice

The screenshot shows the Booking.com interface. The search bar contains "Los Angeles". The results show "Los Angeles: 33 properties found". The top result is "Hilton Los Angeles-Universal City" with a 4.3 rating and 4,222 reviews. A green box highlights the "Travel Sustainable property" badge. The page also shows filters for "Our Top Picks", "Homes & apartments first", "Stars (highest first)", and "Stars (lowest first)".

The screenshot shows Google search results for "Hilton Los Angeles/Universal City". The search filters include "All filters", "4+ rating", "Under \$125", and "4- or 5-star". The hotel listing shows a 4.3 rating (4,222 reviews) and an "Eco-certified" badge. Amenities listed include "4-star hotel", "Breakfast (\$)", "Free Wi-Fi", "Parking", "Outdoor pool", and "Air conditioning". The listing is marked as an advertisement.

The screenshot shows the TripAdvisor Green Leaders program. The text reads: "Your eco-friendly stay starts here. The TripAdvisor GreenLeaders Program showcases a variety of eco-friendly hotels and B&Bs, from budget to luxury - and they're all committed to green practices like recycling, local and organic food, and electric car charging stations."
