Hotel Environmental Footprint

The estimated footprint of your meeting/event is:

Energy use

62,579

kBtu

Water use

17,037

gallons

Waste produced*

2,103

pounds

*These figures reflect the estimated energy, water, and waste footprint from hotel room nights and meeting space only. Waste produced only includes waste sent to landfill.

Emissions

Estimated total emissions:

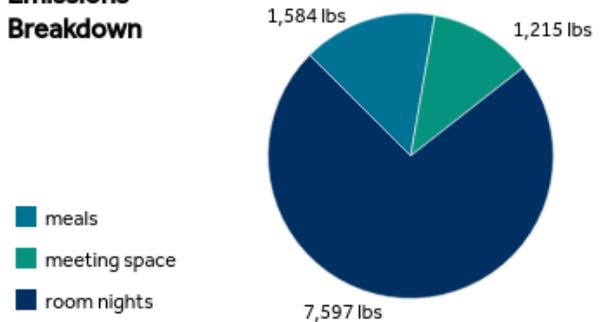

4.00 metric tons from hotel operations
0.72 metric tons from meals

4.72

metric tons

Emissions Breakdown

The emissions footprint of this event accounts for both hotel operations (room nights and meeting space) and meals served during the event. Hotel emissions are calculated using property-specific data as available. Meal-related emissions include the upstream impact of food production and the downstream impact of food waste and are calculated using third-party industry data.

Sustainable Actions

Our meeting included:

- No plastic water bottles
- Low carbon meals
- Food diversion
- Digital key

586 pounds of emissions prevented, equivalent to **21,502** smartphones charged

974 gallons of water avoided, equivalent to **62** showers

59 pounds of waste reduced, equivalent to **4,494** grocery bags

All reductions in environmental impact from sustainable actions reflect either upstream supply chain impacts (e.g., eliminating plastic water bottles, offering low-carbon meals, using digital keys) or downstream impacts (e.g., food diversion). Figures are estimated based on event-specific data and third-party industry sources. For additional details, reach out to your sales representative.

TRAVEL WITH PURPOSE
MEASURED BY *Light* STAY

HLT MCLEAN - TYSONS CORNER

Travel with Purpose is our strategy to drive positive impact and deliver lasting value to the people, hotels and communities where we live, work and stay. Learn more at travelwithpurpose.hilton.com.

HILTON PORTFOLIO PERFORMANCE NUMBERS TO DATE:*

2.9M+
volunteer hours
logged since 2017

48.1%
reduction in
carbon emissions
since 2008

2.8M+
bars of soap
donated in 2024

100%
hotels mapped
against environmental
and social risks

\$19M+
awarded in grants through
HGF to community-based
organizations since 2019

OUR HOTEL IS THE PROUD RECIPIENT OF:

International Organization for Standardization (ISO)

- ISO 9001 – Quality Management certification
- ISO 14001 – Environmental Management certification
- ISO 50001 – Energy Management certification

OUR ENVIRONMENTAL EFFORTS WE SET ANNUAL GOALS TO REDUCE OUR FOOTPRINT:

Reduce energy use by 5.1% • Reduce water use by 3.5% • Reduce waste by 3.2%

The following sustainability features are in place at our hotel:

- Energy efficient lighting
- Energy efficient equipment
- Energy management system in guest rooms and meeting space
- Team Members trained on conserving energy

- Water efficient showerheads
- Water efficient landscaping
- Team Members trained on conserving water

- On-site recycling
- Soap recycling program
- Team Members trained on reducing waste

* Emissions reduction performance is for all owned, managed, and leased hotels from 2008 baseline.

OUR COMMUNITY ENGAGEMENT

Volunteer Projects
33

Volunteer Hours
11,072

Donations
111

We support and invest in our community by contributing to the local economy, developing a talented workforce and fostering local relationships that help ensure success. A few examples of our community engagement:

- Our hotel partners with a local community organization
- Our Team Members are trained on the issue of human trafficking
- We use controlled sourcing with local suppliers (within 100 miles)

Consider incorporating a social impact event into your meeting or event aligned with your organization's ESG goals, guiding principle, and values to leave the community better because you were there.

TIPS TO TRAVELING MORE SUSTAINABLY

Join us in our Travel with Purpose efforts and consider the following to help improve your environmental footprint as a transient traveler:

- Bring Your Reusables: Many hotels, airports and destinations offer water stations to fill up your reusable water bottle.
- Go Mobile: It's easy (and convenient!) to access your boarding pass, check-in to your hotel room and receive a hotel folio directly from your phone.
- Make Smart Food Choices: Experience locally sourced, sustainably grown food. Enjoy meatless, plant-rich or dairy-free meal options.
- Select Alternative Wheels: Consider booking a direct flight or renting an electric vehicle to reduce your carbon footprint from transportation.

WAYS TO PLAN A SUSTAINABLE MEETING

Join us in our efforts to Travel with Purpose! Ask us about our Meet with Purpose Check List to support our collaborative efforts to plan more Sustainable Meetings and consider following these examples during your meeting or event:

- Eliminate the use of single-use plastics at your event by switching to reusable options, such as water refill stations, glass/china, travel mugs/bottles, etc.
- Work with the hotel team to reduce food waste through selecting zero-waste menus, plant based menus and creative food presentation, diverting unavoidable food waste from landfill, and/or donating excess, edible food, where allowed by law.
- Encourage attendees to use the Hilton Honors app for digital check-in, keys and check-out to reduce the use of printing, paper and plastic.
- Consider hosting a Carbon Neutral Meeting at Hilton participating hotels.
